

LADYBIRDS HOME LEARNING

CHALLENGE ONE

Science - Go outside and be a "weather detective." Record what the weather is like this week (sunny, cloudy, rainy, windy, frosty, etc.). Can you notice any changes during the week? How might the weather affect what people wear or do?

CHALLENGE TWO

History - Think about yourself and the life you are living now. How are you making history? How would you be remembered in the future?

CHALLENGE THREE

RE - Lots of people and religions have different ideas about how the world began. Talk to someone at home about what they believe. Then show your own ideas.

CHALLENGE FOUR

Art - Collect different objects from around your home (e.g. a fork, a sponge, a piece of fabric, a stick, a crayon). Use them to make different marks on paper. What shapes, lines, or patterns can you create? Can you use them to make a picture?

CHALLENGE FIVE

Music - Choose a song, nursery rhyme, or piece of music you like. Listen carefully and notice how fast or slow it is. Can you clap, tap, or move your body to match the tempo? Try changing the tempo - can you make it faster or slower?

CHALLENGE SIX

PE - Choose a ball (any size) and practise different ways of moving it: rolling, bouncing, throwing, or catching. Can you make a short game or challenge for yourself or someone at home?

Homework due in every Wednesday.

Complete one challenge a week in any order. Up to 5 house points for your house per challenge (with a total of 30 house points to earn per half term!)
