

SQUIRRELS HOME LEARNING

CHALLENGE ONE

Science: Magnet Mission

Test which household objects are magnetic. Record your predictions and results, then explain what the magnetic objects have in common.

CHALLENGE TWO

Geography: Life Near a Volcano

Imagine you live near a volcano. Create a guide explaining the risks and why people might still choose to live there.

CHALLENGE THREE

PE: Dance and Balance

Create a short movement sequence that combines three different shapes, balances or travelling movements. Teach it to someone at home.

CHALLENGE FOUR

RE: Where Do Morals Come From?

Create a comic showing a character making a difficult choice. Explain what might help them decide what is right.

CHALLENGE FIVE

PSHE: Safe and Included

Design a poster with practical ways to help everyone feel safe, welcome and included in a group.

CHALLENGE SIX

Art: Drawing Detective

Choose an object at home and draw it carefully. Experiment with different lines, shapes and shading to show its details

CHALLENGE SEVEN

DT: Packaging with a Purpose

Design packaging for a small gift or product. Label the materials and explain how the packaging protects the item.

CHALLENGE EIGHT

Music: Rhythm Layers

Create a short rhythm using claps, taps or safe household sounds. Add a second rhythm layer and perform them together.

CHALLENGE NINE

Computing + French

Code and Describe
Make a simple Scratch animation featuring a colourful character. Add French colour, size or shape words to describe it.
